Kallis hra Rajamäe,

Teie kirja saadud lobatud välj
võte, misul on originaal.
Allari: W. Kiplinger, Teie teadmisest,
misle avaldamisest.

Samaa avaldus (arvutes) on ka
pikemalt (14 paakil!) ootatud streimides
Ameerikas, mis teatavasti käimas ahenes
meie too- ja streigi sadasega.

Mis et kirja I osa avaldus on Teie
pärast enamusse koheselt.

Arvan, et ahenes Pariisi I fassaage
m. 4 ja II novoleangi 12 paakil, meie
majandusseator peas Londoni ja Washingtoni
kandse reserveerimise Eesti võrk oiguseid
peaga või hitijele lütkmises ja osakannas
Marshall plaanis. Vastavad sammud tuleks
astuda isikute poolt kes sellega tegelevad,
olgu si et isekadimins kui palju joutakse
tegelikult teostada, kui kriisi jaoks
tõesti lähedal olema USA - Nõuk. Liit vahel-
korraides. Meie valitumise leagerad siis kogu
otsest htesandest ja meie põjenduskond peab
meil majanduslikult toetama tegelikult välis
töös. Isesari kogu arvates omavahelise
sidevisele hõõrumisele, kas ehatus jäib vaid pealt-
vaatamiseks.

Teie sersate võigile sellele lähemal
ja olete vast võhku usaldatud kui mina.
Pänes keed hõõrunud teie südamele
vastavate noherte sammade astumises
= Better to wear out than to rust out =
on minu soov teile kõigile, kes mõtlevad
traditsiooniliselt, aega on! ja lepravad
alati, hõõruda võiduga!

Meie langenute häälid häälest kohustavad
kõiki neid kes sellens hetkel ja hetkel,
et Eeshi kias ja ta rahva vabastamises
võiteld.

Võib alistuda paratamatule etarale
vastusele suuste fooris (võid) kui oleme
mõrvi teinud, mille aeg chue maha malla
algatusi, et "aega on (?)"

Teeme töö teatavasti teie pärast, mitte
võitui pärast.

Kui etaspiiti saan veel Tealisk
materjali, mis meile kumilik teada,
informeerin Teid Tänuvõtte

Teid teavitades,

..... The full truth that everyone should be told even common folks, is that the next 90 days is crucial period in the world about Russia. Already gone to the Russians : Hungary, Rumania, other Balkans. Going : Czechoslovakia, almost any time now and a great shock. In the balance : Austria, Italy 50-50, France more hopeful.

If Italy goes communist, there goes Mediterranean to Russia. Greece and Turkey could hardly stand up for long against pressure Communists would threaten both ... Greece and Turkey would then be hefted in. The Mediterranean is now " our sea ". Challenge from communists can produce incidents WITHIN 90 DAYS, not war, but threats and incidents. RUSSIA IS ON THE MOVE, moving successfully and certainly. So a CRISIS is approaching and our gov't is planning the new program.

European nations right now are being sounded out by the British, acting closely with the U.S. to get them together as an economic unit, and have the U.S. agree definitely to supply them with the things for upbuilding, for reconstruction, to get them on their economic feet. If this goes through, it will bolster the democratic regimes against the communists who ARE PRESSING HARD FROM WITHOUT AND WITHIN.

Western Europe MIGHT be saved from communism. The U.S. assumes that to save Europe from further communism would be good for Europe. Also that this would POSTPONE the dangers to U.S., the dangers of war. Motives are both humanitarian and political and both are anti- Russia.

Of course this whole program may not work, for three reasons : FIRST , the Russians are moving so fast they may beat us to it. After Czechoslovakia falls the communists may grab Austria and Italy. SECOND, the U.S. although now moving fast is late with its plan. The plan, of which we have told you above, is not yet in shape FORMALLY. It has been hinted at but has not been announced ... it's still hush - hush.

THIRD Congress has not been cultivated, and it takes time to sell to convince, to let legislators meditate in advance of a vote. There's no certainty, but we think Congress WILL authorize the billions. About 6 billions a year for 3 years, this is the new program.

Government throws hints and pieces but not the whole facts of the situation. It is waiting until crisis has HAPPENED, before it makes an announcement.

Within 90 days our internal preoccupations will get a major jolt.

Yours very truly,

(signed.)
