A European youth union is organising a big music festival in Estonia next summer. They have contacted the student committee of your school. You were asked to carry out a survey among the students in your region to find out which music they would prefer. The table below shows the results of your survey.

Music	Forms 7 – 9	Forms 10 - 12
Rap	29%	18%
Classical	3%	7%
Pop	35%	24%
Rock	22%	26%
Dance	11%	25%

Write a report to a representative of the union, describing the results of the survey and recommending which music should be performed at the festival.

You should write **200** words.
